

SONANCE

FINISH BOARDS

We believe in providing solutions that are designed to disappear into the aesthetic of a space. We lead customers on their audio selection journey by starting with the finishes to perfectly suit their project based on surface materials and degrees of invisibility. Leverage these showroom finish boards to demonstrate the many possibilities for speakers that are Designed to Disappear.

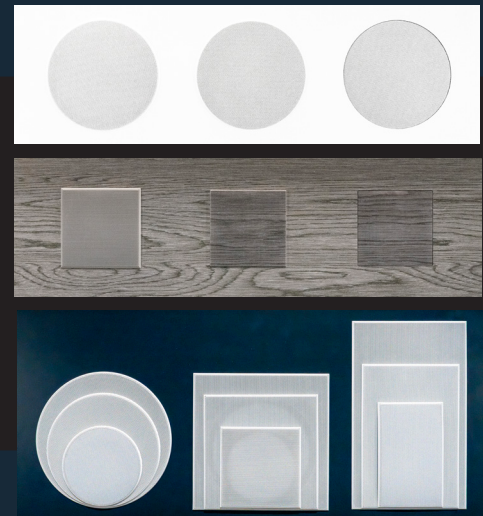

JAMES SMALL APERTURE FINISH BOARDS

3" and 4" trims shown in white vinyl, showcasing Retro Trim and Trimless finishes in both round and square. 3" wood trim board and 4" wood trim board, each showing custom painted, custom laser printed, wood-matched trim, and custom routed trim options.

VISUAL EXPERIENCE FINISH BOARDS

6" round Micro Trim, Trimless, and TRUFIG flush Trimless in white vinyl. 4" square wood board featuring custom painted Micro Trim, custom laser printed Trimless, and custom laser printed TRUFIG Flush Trimless. Sonance VX grilles stacks on Sonance Charcoal Blue vinyl, showcasing round, square, and rectangle in 4", 6", and 8" grille sizes.

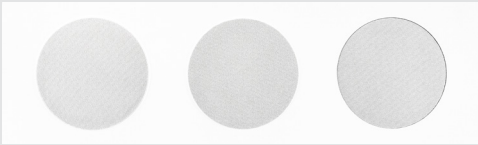

INVISIBLE SERIES FINISH BOARDS

Demonstrates the various finish materials that can be applied with Sonance Invisible Series speakers and subwoofers. Includes drywall, wallpaper, plaster, and wood veneer.
